EFFECTIVE: April 27, 2006

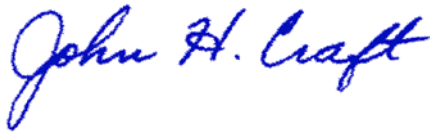

ANCHORAGE TERMINAL RADAR APPROACH CONTROL LETTER TO AIRMEN NO. 06-01

SUBJECT: Suspension of Practice Approaches in Anchorage Terminal Area

CANCELLATION: September 2, 2006

Large construction projects at Ted Stevens Anchorage International Airport will have a negative effect on arrival and departure capacity. Due to the potential for extreme delays, and in an attempt to minimize the number of avoidable delays, Anchorage Terminal Radar Approach Control will deny requests for practice approaches between the hours of 1000 and 1500 local. This restriction applies to Ted Stevens Anchorage International Airport, Elmendorf Air Force Base, and Merrill Field.

Current Letters to Airmen issued by Anchorage Hub facilities may be found at our web page: <http://www.alaska.faa.gov/ata/>. If you have any questions regarding these procedures, please call Anchorage TRACON at 271-2700.
